SUBJECTS AND TITLES

A

Adhesions, after laminectomy, prevention of, 231

Aging, and permeability of intervertebral disc, 240

Anastomosis of spinal cord, results of, 189, 193

Angina, cervical, 28

Anterior cervical approach to the upper thoracic spine: A case report, Fielding JW, Stillwell WT, 158

Anterior surgery
- and cervical approach to upper thoracic spine, 158
- for cervical stabilization, fibular strut graft in, 33
- and infection from Dwyer instrumentation, 201

Apologia pro opera nostra, LaRocca H, 1

Axonal transport of proteins, chymopapain affecting, 140

B

Back pain, low. *See* Low-back pain

A biomechanical view of scoliosis, Schultz AB, 162

Biomechanics
- in low-back pain, 61
- of nuchal ligament, 9
- in scoliosis, 162

Brace treatment, in scoliosis, 85, 167, 199

C

Calcified cervical intervertebral discs, in children, 155

Calcified cervical intervertebral discs in children: Report of two cases, Sherman WD, Mulfinger GL, Garner JT, and Jacques S, 155

Cauda equina, entrapment by ligamentum flavum, 230

Cervical angina, Booth RE Jr, Rothman RH, 28

Cervical spine
- angina syndrome of, 28
- anterior approach to cervicothoracic region, 158
- calcified intervertebral discs in, in childhood, 155
- facet denervation in neck pain, 121
- fibular strut graft in reconstructive surgery of, 33
- injuries of, sexual dysfunction from, 149
- lower, instability of, 15
- and nuchal ligament anatomy, 3
- postoperative myelography of, 235

Chance fractures, management of, 172

Chemonucleolysis
- with chymopapain, 115
- and effect of chymopapain on nerve tissue, 137
- and resynthesis of proteoglycans, 109

Chemonucleolysis with *Discase*: Technique, results, case reports, Brown MD, 115

Childhood
- calcified cervical intervertebral discs in, 155
- Milwaukee brace in congenital scoliosis, 85
- spondylolisthesis in, surgery of, 207

Chymopapain
- affecting nerve tissue, 137
- chemonucleolysis with, 115
- in disc prolapse, and resynthesis of proteoglycans, 109

Clinical instability in the lower cervical spine: A review of past and current concepts, White AA, Southwick WO, Panjabi MM, 15
Collagen, of intervertebral disc, 110

D
Decision making in scoliosis treatment, Keim HA, 197
Decompression
anterior, in unstable thoracolumbar fractures, 99
of fracture-dislocations of lower cervical spine, 20
Deep paravertebral infection following Dwyer anterior spinal instrumentation: A report of three cases, Dwyer AP, Yau ACMC, Hsu L, O'Brien JP, Hodgson AR, 201
Denervation, facet, in intractable back pain, 121
Dimeray, in lumbosacral myelography, 72
Disc, intervertebral
calcification of, cervical, in childhood, 155
chemonucleolysis of. *See* Chemonucleolysis
collagen of, 110
exercise affecting pressures in, 62
herniation of, and low-back pain, 59
matrix composition of, 108
permeability during skeletal maturation, 240
pressures in lifting activities, 178
prolapse and degeneration of, mechanisms in, 108
surgery for protrusions of, and postoperative myelograms, 235
Discase. *See* Chymopapain
Discography, 78
and chymopapain injection, 117
Dislocations of cervical spine, unstable, 16
Dwyer instrumentation in scoliosis, 168
paravertebral infection from, 201

E
Effects of chymopapain on nerve tissue: An experimental study on the structure and function of peripheral nerve tissue in rabbits after local application of chymopapain, Rydevik B, Brånemark P-I, Nordborg C, McLean WG, Sjöstrand J, Fogelberg M, 137
Elastic properties
of ligamentum flavum, 226
of nuchal ligament, 3
Electrical stimulation of muscles, in scoliosis, 169
Errata, 157, 161
Evaluation of the postoperative myelogram, Wise BL, 235
Exercise
affecting scoliosis, 198
and disc pressures in lifting activities, 178

F
Facet denervation, in intractable back pain, 121
Fallacies of the present definition, nomenclature, and classification of the stenoses of the lumbar vertebral canal, Verbiest H, 217
Fibroblasts, metachromasia of, in idiopathic scoliosis, 97
Fibular strut graft, in reconstructive surgery of cervical spine, 33
Fibular strut graft in reconstructive surgery of the cervical spine, Whitecloud TS III, LaRocca H, 33
Flaval ligament, 226
Flexion-distraction injury, thoracolumbar, 172
Fracture-dislocations, unstable
of cervical spine, 16
thoracolumbar, 99, 186
Fusion
spontaneous, in fracture-dislocations of lower cervical spine, 21
surgical
anterior approach to, 158
and fibular strut graft for cervical spine, 33
in fracture-dislocations of lower cervical spine, 20
and infection from Dwyer instrumentation, 201
and postoperative stenosis of lumbar vertebral canal, 224
in spondylolisthesis in childhood, 207
in unstable thoracolumbar fractures, 99

G
Glossary of scoliosis terms, 57
Grafts, fibular strut, in reconstructive surgery of cervical spine, 33

H
Halo apparatus, in spinal trauma, 25
Halo-hoop distraction, in scoliosis, 168
Harrington instrumentation
in scoliosis, 167
in thoracolumbar flexion-distraction injury, 176
in unstable thoracolumbar fractures, 99, 186
Hydrocephalus, and myelodysplasia with scoliosis, 48
Hydrosyringomyelia, and scoliosis in myelodysplasia, 48

I
Impotence, from cervical spine injuries, 148
Infection, paravertebral, from Dwyer instrumentation, 201
Instability
of lower cervical spine, 15
thoracolumbar, 99, 186
Intervertebral disc prolapse and degeneration: The biochemical and biophysical approach, Naylor A, 108
Intraabdominal pressure, lifting affecting, 63, 178

L
Laminectomy, adhesions from, prevention of, 231
Laminotomy, small, in disc herniation, 65
Letters, 135, 186
Lifting activities, back loads in, 63, 178
Ligament(s)
cervical, affecting stability, 16
flaval, 226
nuchal, 3
The ligamentum flavum, Yong-Hing K, Reilly J, Kirkaldy-Willis WH, 226
Low-back pain
facet denervation in, 121
as orthopaedic challenge, 59
and pain drawing for psychologic evaluation of patients, 127, 186
and stenoses of lumbar vertebral canal, 217
Low-Back School, 67
Lumbar spine
chemonucleolysis of. *See* Chemonucleolysis
discography of, 78
and chymopapain injection, 117
myelography of. *See* Myelography
as orthopaedic challenge, 58
pain in. *See* Low-back pain
stenosis of canal in, 217
thoracolumbar fracture-dislocations, unstable, 99, 186
The lumbar spine: An orthopaedic challenge, Nachemson AL, 59
Lysosomal enzymes, in disc prolapse, 111

M
Manipulation, in fracture-dislocations of lower cervical spine, 19
Matrix of intervertebral disc
aging affecting permeability of, 240
composition of, 108
Maturation, and permeability of intervertebral disc, 240
Mechanical factors. *See* Biomechanics
Meglumine iocarmate, in lumbosacral myelography, 72
Meglumine iothalamate, in lumbosacral myelography, 74
Metachromasia of fibroblasts, in idiopathic scoliosis, 97
Metachromasia of fibroblasts from patients with idiopathic scoliosis, Nordwall A, Waldenström J, 97
Methiodal sodium, in lumbosacral myelography, 74
Metrizamide, for myelography in low-back pain, 66

Meurig-Williams plates
in unstable thoracolumbar fractures, 99
in thoracolumbar flexion–distraction injury, 176
Milwaukee brace, in scoliosis, 85, 167, 199
The Milwaukee brace in the nonoperative treatment of congenital scoliosis, Winter RB, Moe JH, MacEwen GD, Peon-Vidales H, 85
Minnesota Multiphasic Personality Inventory, with pain drawing, in evaluation of patients with low-back pain, 127, 188
Muscles
electrical stimulation of, in scoliosis, 169
myoelectric activity during lifting, 178
Myelodysplasia, and scoliosis, 48
Myelodysplasia and developmental scoliosis: A manifestation of syringomyelia, Hall PV, Lindseth RE, Campbell RL, Kalsbeck JE, 48
Myelography
meglumine iocarmate in, 72
meglumine iothalamate in, 74
methiodal sodium in, 74
metrizamide in, 66
pantopaque in, 73
postoperative, evaluation of, 235
sexual dysfunction after, 153
Myelopathy, cervical, sexual dysfunction in, 149
Myelorrhaphy, 189
histopathologic findings after, 193
Myelorrhaphy: Part I, Stauffer ES, Goodman FG, Nickel VL, 189
Myelorrhaphy: Part II, Goodkin R, Budzilovich GN, Campbell JB, 193
Myoelectric activity, lifting affecting, 178

N
Neck conditions. *See* Cervical spine
Nerve supply
in cervical angina, 29
of genitalia, 152
of nuchal ligament, 6
Nerve tissue, chymopapain affecting, 137
